New Year New BOD by Dave Frederick Editor

2012 is here and our club is moving on into the future. We had a great 2011 ending with another fine Christmas Party. We elected a new Board of Directors and have our Car Show Chairman and preparations are well under way. Members are starting to get sponsors for the show. The only thing missing is you.

As a volunteer group the BOD does the best it can to provide a meaningful experience for our membership throughout the year. We, as

In This Issue

I would like to thank our outgoing BOD members for the tireless work and dedication during their terms. We have been lucky to have had them lead us to this point. Now we move forward and in this issue we have articles from our new BOD members introducing themselves and getting started communicating to our membership.

We have some pictures of our year end events in the out and about section as well as our usual Tech Tips article.

We also have the Car Show entry form at the end for you to print and send in for this years Car Show on June 1st & 2nd at Broadway at the

a group, try to make decisions on what is the best direction for the club to take. Sometimes people disagree with us but more often than not the club members are grateful for the effort we put forth. There is great satisfaction seeing an event come to fruition and be enjoyed by all who attend. Being part of that effort can be very rewarding.

It has been mentioned more than once that the club needs members to step up and fill the open positions that occur

Beach. Sponsorship documents are in the Announcements section also so please print them and do your best to get at least one donation.

The website is being updated with the new mailing address and Directors info. If you need to contact anyone just click on their names on the Officers page. If you have any suggestions feel free to contact any one of us.

The BOD always wants feedback from the membership and we want to hear from you about events for the year. We have very few scheduled and need members to step forward to help find and set up some things. Please contact the BOD in the early planning

from time to time on the BOD. We cannot function as a club without the efforts of the membership to steward the club. I know we have talented, vibrant members that could help but have not stepped forward.

We really need someone to fill the President and Activities Director positions so we can ensure that we continue to have high quality events and enjoy our cars while we attend them. It won't cost you anything besides a little time. Your efforts will be appreciated by everyone in the club.

Thank You.

stages so we can get it on our schedule and assist in the planning if we are needed. Communications is what makes the world go 'round.

Let's make this year a true group effort and get as many members as possible involved in making the Myrtle Beach Corvette Club one of, if not, the best Corvette Clubs in the country. Thank you for your continued support and taking the time to read and comment on this newsletter. If you have any suggestions or articles you would like published please send them to Vettegazette@aol.com I would be more than happy to include them.

Treasurers Report

By Hank Grabarz

Hello there fellow veterans, uh...veterinarians, uh... appreciators of a fine American built car called the Corvette. My name is Hank Grabarz and I am your new club treasurer. I am a retired design/engineer, retired in 2006, married to Maryellen. We have no children. However, many a dog and cat has passed through our home over

the years and most of them actually allowed us to live with them. They do have a way of taking over.

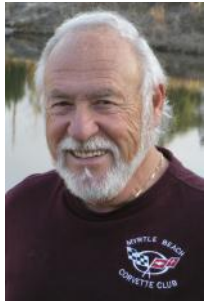

In the past I have been the secretary of a Lions club up north, and most recently the Leading Knight, (VP) of the Conway Elks, lodge 2847. Upon receiving several items from our last treasurer, Dianne Monroe. My hat's off to Dianne in recognition of the time and

effort she put into the position of treasurer. Thank you Dianne; I have much to learn. Having said that; I, along with rest of the board members, will work to make the coming year as interesting and productive as the last year, if not even better.

At present the latest MBCC treasurer's report shows a bank balance of \$3606.62. This is as of October 31, 2011.

At Large

by Al Freedman

Betty & I want to thank Linda & Norman Meaders for planning the Key West Trip. They did a fantastic job.

Several of us started the trip as acquaintances, but we quickly became friends.

Norman & Linda took the lead, followed by: Al & Betty Freedman, Forest & Deborah Kelly, Bill & Sharon Knost, Hank & Maryellen Grabarz

& Hazel & Connie Vaughn who are neighbors of Linda & Norman, they brought up the rear in their Dodge Van. Kevin Duke started out on the trip with us but became very ill and had to turn around for home after over nighting in Melbourne Florida.

We did the normal tourist stuff; shopping, eating, shopping eating and more shopping and eating, plus one of the high lights was viewing the sunset in Key West. It

was a lot of driving, about 2400 miles in a week, but well worth it. All Corvette's performed flawlessly.

The next time you have an opportunity to talk to Forest & Debbie Kelly, ask them about them breaking their bed at the Hampton Inn.

Betty and I are very much looking forward to doing this trip again sometime, and suggest you consider doing the trip too.

VP Thoughts

by Bob Barron

Well here we are at years end and by the way the end of my first year with Myrtle Beach Corvette Club.

It's been a fun and busy time for Ginger and I, with all the cruise ins, picnic, parade and Christmas Party.

I have enjoy meeting more of you at every meeting and event, I'm sure it will take some time but eventually I hope to know all of my fellow members.

I start the new year with a

newer vette, bought an anniversary model and so far I'm really happy with it. Being a Gamecock fan I really like the color(anniversary red) it's a nice upgrade from my C4.

Ginger and I are really looking forward to our upcoming cruise, New Years holiday, should be a fun time for all, I usually enjoy the casino at Paradise Island, it's been lucky for me.

Well people not much more

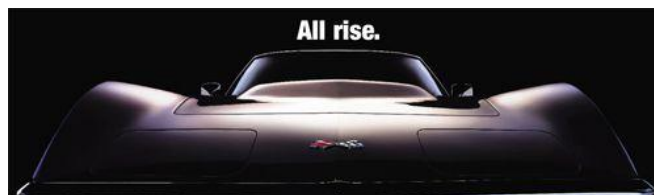

I can say except I'm looking forward to a GREAT YEAR ahead as your new Vice President (acting president). I realize I have a tough act to follow as the 2011 board and membership have done a great job.

Enough for now see y'all at our dinner meeting January 15th. at the Cooper House.

Happy Holidays be careful and enjoy!

Bob Barron

Membership News by Betty Freedman

MEMBERSHIP DIRECTOR REPORT

For those who don't know me, my husband Al and I joined MBCC March 2010. We own a 2004 yellow convertible. In 2006, we moved to Conway from Maryland where we were very active in boating and yacht clubs. I served as Commodore of the Maryland Cruising Club in 1996 and in 2004 as Commodore of

the Chesapeake Bay Yacht Clubs Association which is an association of yacht clubs (130) covering five states plus Washington DC, protecting the interest of recreational boaters through legislation. After many years working in the corporate world, I joined forces with Al working as an independent manufactures representative, retiring with our move south.

Since joining MBCC, Al and I have enjoyed the many cruises, car shows, luncheons and events of the club. As Membership Director I will be promoting our club and looking for new members. I will be providing all members with an updated membership ros-

ter quarterly as indicated in our by-laws and advise you of new members as they come aboard. As members, I would like you to also promote MBCC and direct potential members to me. I would need you to inform me of any changes to your roster information so it can be kept current.

I am looking forward to serving as your Membership Director and thank you for your support.

News From the NCM by Charlie Meade

MUSEUM IN MOTION

The "Museum in Motion" tours bring Corvette folks together to enjoy driving their Corvettes and visiting new, unique and interesting places. Past tours have included such varied locales as Ontario Canada for the Mosport ALMS Race; a tour of the Pacific Coast Highway, and Paris, France for the 24 hours of Le Mans race. Early next year, Deb and I are going to

the Sebring, Florida ALMS race. This tour is about a week long and starts in the Florida panhandle and ends with two days at the Sebring race. We will visit such places as the "Man in the Sea Museum"; state parks, the Don Garlits Museum of Drag Racing, and St Armands Circle before settling in for two days of Corvette racing. If you are at all interested in this, or any other Museum in Motion tour, just give me a call or check it out on the NCM website at www.corvettemuseum.org. I hope your holidays were all that you hoped for.

Activities Central

Currently We only have a few things on tap. The monthly meeting is January 15th to be held at The Cooper House on highway 544 in Socastee @ 5:00pm.

The February 12th Meeting will be held at the T-Bonz near Broadway at the Beach on Highway 17 bypass.

On March 17 we will attend the North Myrtle Beach St. Patrick's Day Parade as it gets closer we will provide more info on this event.

Remember you can always check the events calendar on our website for the most up to date info.

Tech Tips by Dave Frederick

Although this is a C6 recall some C5 drivers have had similar reactions when the Steering Wheel Position Sensor fails. It is the loss of that signal in the C6 that caused this recall.

GM has issued a recall for 40,028 Corvette vehicles from the 2005 and 2006 model years, according to the National Highway Traffic Safety Administration. The recall is for vehicles built between March 2004 and January 2006 that have a tilt and telescoping steering column. You can find a car's build date listed on a sticker applied to the driver's door or doorjamb.

Repeated movement of the steering column could interrupt the signal within the column, which will illuminate the message "Service Active Handling System." In rare instances, this could apply one or more of the brakes and pull the Corvette to the right or left. If the driver is caught off guard, this could lead to a dangerous situation.

ESC is the system to controls the vehicle's engine power and brakes in an emergency situation.

If the problem occurs, the ESC system becomes inoperable. The system will come back on once the car is turned off and back on again, a GM spokesman said.

In a letter to the National Highway Traffic Safety Administration, GM described the braking problem as "observable but controllable." Drivers can keep the car in line with slight steering correction.

When the problem occurs, the message "Service Active Handling System" appears in the vehicles' gauge cluster. Active Handling System is GM's name for the ESC system in the Corvette.

The problem is rare and occurs only when the steering column is adjusted repeatedly, according to GM.

To repair the problem, Corvette dealers will install a clip to the sensor connector to ensure that it does not come loose. The repair will be no cost to the owner.

Owners may contact Chevrolet at 800-630-2438 or GMC at 866-996-9463. They may also contact NHTSA's vehicle safety hot line at 888-327-4236.

Announcements

"The Lighter Side" by Al Freedman

A woman and a baby were in the doctor's examining room waiting for the doctor for the baby's first exam.

The doctor arrived and examined the baby, being a little concerned, asked if the baby was breast-fed or bottle-fed." Breast-fed she replied". "Well strip down to your waist," the doctor ordered.

She did. He pinched her nipples, pressed, kneaded and rubbed both breast for a while in a very professional and detailed examination.

Motioning to her to get dressed, the doctor said, "No wonder the baby is underweight. You don't have any milk".

I know she said, I'm his grandmother.....But I'm glad I came.

One day a man came home and was greeted by his wife dressed in a very sexy nightie. "Tie me up", she purred, and you can do anything you want." So he tied her up and went fishing.

A woman came home, screeching her car into the driveway, and ran into the house. She slammed the door and shouted at the top of her lungs, "John, pack your bags, I won the lottery"

The husband said, "Oh my God! What should I pack, beach stuff, mountain stuff?"

"Doesn't matter" she said," JUST GET OUT.

Fifty-one years ago, Herman James, a North Carolina mountain man, was drafted by the Army. On his first day in basic training, the Army issued him a comb. That afternoon the Army barber sheared off all his hair. On his second day, the Army issued Herman a toothbrush. That afternoon the Army dentist yanked seven of his teeth. On the third day, the Army issued Herman a jock strap.

The Army has been looking for Herman for 51 years.

MBCC, P.O. BOX 4836, North Myrtle Beach, SC 29597

www.myrtlebeachcorvetteclub.com

The Myrtle Beach Corvette Club is a group of Corvette owners and enthusiasts who live and work along the Grand Strand. We meet monthly and support various children's charity events in Horry County, Georgetown County in South Carolina, and Brunswick County in North Carolina throughout the year.

"Corvettes at Myrtle Beach" is the official name of our annual Car Show fund raiser. This year it will be held on Saturday, June 2, 2012 at Broadway at The Beach. Show participants come from all along the East Coast (Florida to Maine), Ohio, Kentucky, Indiana, Missouri, Tennessee, Kansas, Texas, and as far north as Canada. The show is open to the public with no admission fee. Our club is a social club and all funds generated from our car show will be donated to specific children charities located in Horry County, Georgetown County in South Carolina, and Brunswick County in North Carolina.

Our 2012 Car Show charities will be Family Outreach of Horry County (tax ID#57-0761302) and Brunswick County Toy Run (tax ID#56-1849767). These programs are operated entirely by volunteers and dedicated to helping our needy children and families throughout the Grand Strand.

We have three types of sponsorships available:

PRIZE SPONSOR: With one or more items or gift certificates from you or your business establishment, you or your company will be acknowledged as the door prizes are awarded at the Car Show and/or raffled at the Awards Banquet.

CAR SHOW SPONSOR: \$100 - We will provide to all car show participants any flyers, coupons or informational material you provide on your products or service. You or your company will be acknowledged as a sponsor on our show flyers, web page, sponsor poster, and our Car Show T-Shirt. You or your company will be presented with a Car Show T-Shirt and a plaque showing our sincere appreciation for your support shortly following the car show event.

EVENT SPONSOR: \$300 - We will provide to all car show participants any flyers, coupons or informational material you provide on your products or service. You or your company will be acknowledged as a sponsor by having your name or logo, or company name or logo on our show flyers, web page, sponsor poster, and Car Show T-Shirt. If you or your company has a web page, we will post a link from our web page to yours for one year. You will be presented with a Car Show T-Shirt and a plaque showing our sincere appreciation for your support shortly following the car show event.

TROPHY SPONSOR: There are several trophy classes available for individuals or companies to purchase for our Car Show. A list of available trophies and pricing is attached for your review. We encourage you to consider this option in addition to other sponsorships. Your name, or company name, will be engraved on the trophy.

P.O. BOX 4836, NORTH MYRTLE BEACH, SC 29597
